ACTION: **X**

INFORMATION:

(Confidential)

ITEM TITLE: **Airport Stormwater Pollution Prevention Plan Update**

RECOMMENDATION:

Approve a \$10,000 appropriation for a required update to the Airport's Stormwater Pollution Prevention Plan.

SUMMARY:

The Virginia Department of Environmental Quality (DEQ) has issued Lynchburg Regional Airport a Virginia Pollution Discharge Elimination System (VPDES) general permit in order to comply with national environmental regulations governing stormwater discharges at industrial sites, including airports. As part of that permit, airports are required to develop and comply with a Stormwater Pollution Prevention Plan (SWP3). The SWP3 evaluates the entire airport and identifies potential sources of pollution that may be reasonably expected to affect the quality of stormwater discharges, and establishes practices which are to be used to reduce the pollutants in such discharges. These expenses are eligible for 80% state aviation entitlement funding.

PRIOR ACTION(S): Finance Committee, April 6, 2005

FISCAL IMPACT:

State aviation entitlement funds of \$8,000 are available for the 80% state portion. The remaining 20% local portion will be funded by transfer from the airport operating fund.

CONTACT(S):

Mark F. Courtney 455-6089 Airport Director

ATTACHMENT(S): Resolution

REVIEWED BY: lkp

RESOLUTION

BE IT RESOLVED That the Airport Projects Grant Fund budget is amended and \$10,000 is appropriated for an update to the airport's Stormwater Pollution Prevention Plan, with reimbursement of \$8,000 from state aviation entitlement funds, and \$2,000 by transfer from the airport operating fund.
